Feedback: How do I contact Sodexo? Went to the cafeteria today and the cashier is handling money and sorting massess of coffee filters on her lap, on the counter.. even drops a bunch on the floor... in addition at times the cashier is cutting her fingernails at the cash register, eating. Have also witnessed her refilling the utensil dispensers while leaving the forks/knives/spoons on the bare counters, where people put their food, gym shoes, gym bags, handbags, etc.
